

Extreme All USA Day Weekend 19-20 November 2011

The weekend started as it did last year with a run and dinner with the Auckland Corvette Club. We assembled at the Bethlehem car park at 9am for a brief and directions for the days run. With 10 BOPMOC cars and 20+ from ACC there was quite an impressive convoy leading out. There was a stop at the new TECT park half way along the Pyes Pa Road for a very nice morning tea (provided by ACC) on our way to the Buried Village in Rotorua for the lunch stop.

A questionnaire to be completed along the way provided plenty of entertainment at the dinner that night with some very imaginative responses being submitted! Original answers as well as correct entries were rewarded. A big thanks to Jack and ACC for the invitation, their companionship and generosity at the prize giving. They may have a different allegiance but both clubs share a desire to drive their cars and have a good time doing it.

An early start next morning saw us setting up Wharepai Domain bright and early. We had great weather and apart from a gentle breeze the spring winds stayed away for the day. We had over 200 cars and a massive crowd (probably the biggest yet) coming through the gates giving the club a great result for the day.

As usual we had a big turn out from Auckland Corvette Club, Waikato Mustang Owners Club, Bay Rodders and the Cadillac Club as well as other club and individual entries. The overall quality of cars on display was very high and generated a lot of positive comments as well as making some of the judging very tight.

(More pictures and judging results are on the BOPMOC webpages on the NZ Mustang website)

Thanks to all our club members that were able to come and help out with the setting up, parking, gates, vote counting and judging etc. It is our big fund raiser for the year and we need many hands to make it all work. Most were able to stay for the post event BBQ but to those that couldn't, thanks for your help.

All sponsors and trade stands were very happy with how the day went and thanks Extreme Automotive Parts (BOP) there was a great selection of prizes that saw some very happy recipients heading home.

A Big thank you goes out to all our Sponsors: To Dave and Graham from Extreme who put in a massive effort to source and supply all the prizes, gate give away's and category sponsorship and to Anne from Swann Insurance for their generous advertising and category sponsorship.

Also to the following businesses for their category sponsorship and assistance in preparing for the show:

R&M Motor Trimmers; Mag & Turbo; Westcoast Classic Imports Ltd; Coastline Automotive; Sheetmetal Services Tauranga; J.A. Russell Ltd; Smith & Boyle Ltd; Truckline Services Mt Maunganui Ltd; Tauranga Insurance Services; Trevor Robson Signs; ISO Limited; The Sign Wizard.

Please support and promote all our sponsors where you can in whatever way you can as their continued support is what enables us to run such a successful and popular event.
